# SUBJECT INDEX

## Volume 113 (JANUARY-JUNE, 1998)

- Abdomen, pain, elevated right hemidiaphragm and, in a 36-year-old postpartum woman, 1715
- Ablation, radiofrequency, for sleep-disordered breathing, 1151
- Abnormalities, congenital bronchial atresia with mucocele, branching parenchymal mass, 523
- lung transplantation for Williams-Campbell syndrome, 534
- presentation and surgical management of bronchogenic and esophageal duplication cysts in adults, 1492
- tracheal bronchus: a cause of prolonged atelectasis in intubated children, 537
- Abscess, lung, treatment of *Legionella*: unanswered questions? 845
- Abstracts from the *European Respiratory Journal*: See *European Respiratory Journal*
- Accidents: See Trauma
- ACCP medical personnel services, see College
- ACCP-SEEK board review question of the month, man with dyspnea, productive cough, and chest radiograph showing hyperinflation and a diffuse nodular pattern, 1123
- a 77-year old man with progressive dyspnea on exertion, 521
- N-acetyl-L-cysteine, does (it) influence cytokine response during early human septic shock? 1616
- Acid-base equilibrium: See pH
- Acidosis, intramucosal, 1064
- Acinetobacter baumannii*, impact of tracheotomy on colonization and infection of lower airways in children requiring long-term ventilation, 77
- Acquired immunodeficiency syndrome: See also HIV infections; comparison of induced and expectorated sputum for the diagnosis of *Pneumocystis carinii* pneumonia, 1555
- diagnostic strategy for *Pneumocystis carinii* pneumonia: is doing less better than doing more? 1443
- patients, cytomegalovirus pneumonia in, 919
- patients requiring mechanical ventilator support due to *Pneumocystis carinii* pneumonia, CD4 lymphocyte counts and mortality in, 430
- related bronchogenic carcinoma: fact or fiction? 154
- treatment of *Legionella* lung abscess: unanswered questions? 845
- Activities of daily living: See also Quality of life;
- aerobic endurance training program improves exercise performance in lung transplant recipients, 906
- effect of lung transplantation on health-related quality of life: a longitudinal study, 358
- evaluation of dyspnea during physical and speech activities in patients with pulmonary diseases, 625
- health-related quality of life: what is being measured? 1147
- ICU outcomes for patients with HIV infection: a moving target, 269
- validation of a new dyspnea measure: the UCSD Shortness of Breath Questionnaire, 619
- Acute phase response: See Inflammation
- Adenocarcinoma, pseudomesotheliomatous, of the lung in a patient with HIV infection, 839
